SUMMARY

Technical video producer specializing in AI-native production workflows. I use AI as the primary engine for high-volume creative iteration, from short-form social content to performance-driven ad campaigns. With 15+ years of traditional production experience (Disney, Boeing, Signal Group), I now build agentic workflows that automate the edit and scale creative output without compromising the 'Gold Standard' quality required for Tier-1 brands.

SKILLS

AI Video Engine: Google Veo3, Sora, Kling, Runway Gen-3 (SOTA generation & iteration)

AI Visuals: Flux.1, Midjourney, Stable Diffusion (custom LoRAs/ComfyUI)

Agentic Production: Building custom LLM-driven agents to automate script-to-edit cycles, metadata, and asset iteration

Creative Tech: React, NextJS, Python (Automation), Three.js, Puppeteer, API Integration, Git

Traditional Suite: Premiere Pro, After Effects, Cinema 4D, DaVinci Resolve, Logic Pro
